Reminders:

- Make sure to sign up for a conference with your child's teacher!
Links were sent out to sign up via email!

Curriculum

This month, we will be studying the Five Senses! Each week, we have a different focus question that guides our lessons and activities in the classroom. This month's focus questions are:

- Week 1: How do I use my sense of sight?
- Week 2: How do I use my sense of sound?
- Week 3: How do I use my sense of Touch?
- Week 4: How do I use my sense of Taste & Smell?

Some of our activities this month include: Going on a letter scavenger hunt using our "helper eyes" (magnifying glasses), playing the game "Mystery Sound," exploring through our own Feely Box, and doing taste and smell experiments!

We will also be making headbands for each of our senses, finger painting with scented paints, and several different class books!

We will also be having a special visitor come to our classroom this month to perform some experiments that allow us to use our senses! Dr. Mahan (Mrs. Mahan's husband) is a chemistry professor and we can't wait to see what he does when he visits!
