## Welcome to 6<sup>th</sup> Grade!

Dear Upcoming 6th Grade Families,

Welcome! One of the most important things that we work on in 6<sup>th</sup> grade is organization. As the workload increases and students begin switching classes for multiple subjects, we are committed to providing them with the support necessary to navigate these new challenges.

In order to master the skills that are required to juggle assignments, notes and materials for each class, we have worked hard to develop a streamlined system for 6<sup>th</sup> graders. The supply list on the other side of this paper has been *carefully considered* for organizational, curricular and quality purposes. We would appreciate it if you would purchase these specific items.

While some families love the excitement of shopping for new school supplies, we want to make it easy for those of you who prefer to shop online. These items are available via the Hub, and you can click on the following link [PTO HUB!](#) and purchase everything you need.

We look forward to working with your children next fall. Have a wonderful summer!
