Dear Parent/Guardian:

Good news! For school year 2021-22, the Simsbury Public Schools has opted to participate in the Seamless Summer Option (SSO) of the National School Lunch Program. This means that all students enrolled will receive breakfast and lunch at NO charge. However, it remains critical that you complete and submit your free and reduced-price meal application to Simsbury Board of Education in order to determine eligibility for other programs, like the Pandemic Electronic Benefit Transfer (P-EBT), discounted technology and WiFi programs, and more. On the [Nutrition Services website](#) is an [application](#) for free and reduced-price school meals and [detailed instructions](#) on how to complete it. The Simsbury Public School District complies with the federal requirements for meal modifications for students with special dietary needs. The requirements for meal modifications are different for students with and without disabilities. For more information, please contact the Nutrition Services Department at 860-323-8152.

Sincerely,
Beth LaPane
Director of Nutrition Services
