Parents/guardians are responsible for arranging private transportation to daycare centers or private homes outside of their child's school district.

HJMS/SHS: Bus transportation may be available to an additional parent home and is not dependent upon school districts.

Transportation to daycare or another parent/guardian home is contingent upon available space on the alternate bus to which the student would need to be assigned.

If your transportation arrangements change during the school year, please fill out a new form and send it to the Transportation Office or send an email as soon as possible. The form is available on the Simsbury Schools website, under Transportation.
