

RAISE A PUPPY, CHANGE A LIFE!

Guiding Eyes for the Blind, a 501(c)3 non-profit, needs volunteer puppy raisers!

Raise a Guiding Eyes puppy for 12-18 months, providing the pup with the love, socialization, house manners, & basic obedience it will need to succeed in guide dog training.

No prior dog experience is required! Raisers receive support through group classes and 1-on-1 training with Guiding Eyes staff and vet care is covered.

Raisers are organized into localized Puppy Raising Regions, and most raisers live within an hour of region class locations. Raising Regions are located along the Eastern Seaboard, stretching from Maine to North Carolina, and west to Ohio.

Please join one of our 40 existing regions. Will you help us?
