

Dear Parents/Guardians and Staff:

Thank you to those who tuned in to watch the July 21 Board of Education meeting, during which the Simsbury Public Schools Reopening Plan was presented. Below you will find links to the PowerPoint presentation, video of the reopening plan discussion during the meeting, the school opening calendar and the revised 2020-21 school calendar. Please note that changes have been made to the start of the 2020-21 school year. Access to all of these items can be found on the district website. As communicated previously, my next district communication will be sent on July 29 and will include a more comprehensive Simsbury Public Schools Plan for Reopening document.
