TO: Parents and Guardians / Staff of Latimer Lane Elementary School

RE: Asbestos Removal at Latimer Lane Elementary School  
33 Mountain View Road  
Weatogue, CT 06089

This letter is to inform you that materials known to contain asbestos will be removed from the school this summer. The renovation project includes the removal of items such as floor tile with asbestos-containing adhesive, and hot water heaters with asbestos-containing insulation. The abatement will be performed under full negative air containment, by a state-licensed asbestos abatement contractor, Spectrum Environmental, LLC, under contract to the Town of Simsbury. The project will be monitored continuously by TRC Companies, an independent environmental consultant. The monitoring includes, but is not limited to, pre-work inspection, inspection and air sampling during the abatement process, final visual inspection and final air clearance testing.

No children/students under the age of 18 will be permitted in the building during the asbestos abatement portion of the renovation project which is scheduled to begin on June 19, 2023 and be completed by August 11, 2023.

The following is a list of contacts for the project:

Asbestos Consultant: TRC Companies  
21 Griffin Road North  
Windsor, CT 06516  
860-298-6375

Asbestos Abatement Contractor: Spectrum Environmental, LLC  
16 Hamilton Street  
West Haven, CT 06516  
203-932-9639

**Committed to Excellence Every Day**
