If two or more of the first four races are canceled a make-up will be held on one of the open dates. We will host one race (February 2) and will need at least 12 parent volunteers. The more the merrier!

This season we will have seven regular races (we hope!). Please note the departure times listed above – you are expected to **arrive fifteen minutes prior to the time listed**. We usually arrive back at the high school between 3:00 and 4:00 p.m. It is a great idea to bring money, snacks and lunch, warm boots -- other than your ski boots, a change of clothes for after the race, **YOUR BIB, at least one quart of water**, and all of your ski equipment in a ski bag. **Your equipment and bag must be labeled with your name in permanent ink.** Do not leave anything you need in the school or in your gym locker – it will be locked.

Parents, please be waiting at the school when we return – your son or daughter will call you when we leave Lee, MA. This should give you an hour to get to the school. I have three dogs who are outside all day and I have a 35-40 minute drive home – if you are late, they suffer. Keep in mind that I cannot legally leave the high school until all skiers have been picked up. I appreciate your cooperation!

Directions:
