

# Joel Dearing Pre Season Practice

Train with Springfield college coach Joel Dearing before the boys volleyball season gets started. This event will take place at Simsbury High School and is intended to get Simsbury boys ready for the upcoming season. Players who have not played since last year should use this opportunity to get rid of the rust and freshen up on skills before tryouts. The more playing time before the season the better. This is a cheap alternative to any other camps or clinics, and is located in our own gym! Please see Coach Leblanc if you have questions or concerns.
