

**Simsbury High School**  
**8th Grade**  
**Course Selection Night**  
**Tuesday, January 21 6:30pm - 7:45 pm**

**Welcome Class of 2029!** All 8th Grade students and families are invited to attend Course Selection Night at Simsbury High School to learn about the elective area course offerings available to students. Students will be receiving the Program of Studies Booklet in class from their school counselor at Henry James on January 13 and 14. We strongly encourage students and families to look through the booklet and identify courses that are of interest to them. Students and families will have the opportunity to visit three elective areas to learn more about the options available to them at Simsbury High School.
