

ROTC SCHOLARSHIPS

The U.S. Army, Navy, Air Force and Marine Corps all subsidize Reserve Officers Training Corps (ROTC) scholarships for college students.

ROTC scholarships pay college tuition, textbooks, laboratory fees, and other purely educational expenses. Scholarship cadets also receive a tax-free subsistence allowance each month.

Scholarship students have a six-year military obligation - four years active duty and two years in the Reserve - following graduation from college.

Students interested in applying for ROTC scholarships should begin the application process during the spring of their *junior* year.

Information may be obtained from your counselor or from the following sources:

U.S. MILITARY ACADEMIES

The first step in securing an appointment to one of the academies is to write and ask for a Pre-Candidate Questionnaire in the spring of junior year.

Many of the academies have a “summer seminar” where prospective students can experience life at the academy for a week. This is an excellent experience for those planning to apply in the fall.

Students should contact the schools and reserve officers in *early spring* of their junior year.
