

PURPOSE OF NATIONAL HONOR SOCIETY

National Honor Society (NHS), as its duties and responsibilities, has a high level of service to the community, a history of quality leadership, and the highest level of character and personal responsibility. As part of its purpose, National Honor Society includes the following characteristics: creating enthusiasm for scholarship; stimulating a desire to render service within the school and the community; promoting worthy leadership; and encouraging the development of the highest level of character, both within its members and within the community at large.

SELECTION PROCESS

Membership in this chapter is an honor bestowed upon a student: it is a privilege, not a right. The NHS National Constitution requires the election of society members by the Faculty Council to be based equally upon outstanding scholarship, service, leadership, and character. The Faculty Council's judgments are based on the information provided by the students as instructed in their candidate packet, and the Council's knowledge of the candidate. The Council reserves the right to deny membership to candidates on the basis of major disciplinary infractions. No candidate will be eligible for membership unless all the required forms are submitted by the specifically posted date. Special circumstances may be considered by the Faculty Council at their discretion. Selection for membership is by a majority vote of the Faculty Council.

REQUIRED SERVICE/LEADERSHIP/CHARACTER SURVEY SHEET

You are required to turn your completed survey form to Google Classroom by [September 11, 2020 at 2:10 PM](#). Meeting this deadline is mandatory for further consideration. Completion of this survey does not guarantee automatic acceptance; however, not submitting this form will be interpreted as a lack of interest to be considered for NHS membership at this time. Absolutely NO late survey sheets will be accepted. Please remember that the decision of the Faculty Nomination Committee is final.

INSTRUCTIONS

Read the information about the purpose of NHS and the Massaco Chapter Bylaws. If NHS is an organization you want to contribute to, you will need to submit materials to the Faculty Council so that they can determine your eligibility. Complete all SEVEN sections of the attached Service/Leadership/Character Survey Form and submit your completed document to the NHS Google Classroom site. You need to be specific AND provide supportive detail from your experiences at school, in the community, in athletics, in religious environments, your employment, and any other aspect of your life that you deem relevant. Make sure you include everything you want the committee to know about you as you cannot add more information later.

Service/Leadership/Character Survey Form

SECTION 1: Community Service

In the space below, please list each activity or organization for which you have currently volunteered (within the past TWO years), the number of hours served there, the dates that you volunteered, and the name of the supervising adult whom the NHS Faculty Council can contact for verification. Service activities are those which are done for or on behalf of others (not including immediate family members) for which no compensation (money or other) has been given. Please remember not to include time spent participating in a required fundraising event for a sport, activity, or club. Please add more rows if necessary.

Note: *The Massaco Chapter Bylaws revised in January 2020 state that you need a minimum of twenty (20) hours of community service to be eligible for NHS membership. Participation in service activities was always a prerequisite for membership, but the specific guidelines for total hours were more clearly delineated in the revised bylaws. In February 2020, Mr. Diana and Mrs. Williams informed your class that we would look for at least ten (10) hours by the fall for the 2020 NHS selection as it would be the first time the Faculty Council would be using the more clear service hour requirement. Normally if you did not meet the minimum service hour requirement, you would not be eligible for membership and would not complete the rest of this form. However, due to COVID, the Faculty Council understands that some of your planned service opportunities may have been altered. So even if you do not meet the minimum, as long as you have performed some specific and meaningful service, the Faculty Council would like you to complete the form and submit it for their review so they can consider you for membership.*
